I Katherine McGinn am of the opinion that the PCBU has contravened the WHS legislation relating to:		
Contravention	More information	Was the contravention rectified?
Not maintaining safe systems of work	The sustained practice of not replacing absent staff on shifts which has led to workers working understaffed, excessive workloads, extended shifts, risk of worker injury, client neglect, breach of the minimum staffing arrangements required by the client's roster of care and worker stress, and/or the sustained practice of not providing staff with or access to client 'rosters of care' (care plans), which has led to inappropriate care of clients, client neglect, risk of worker injury	No
Not maintaining a safe work environment	As above	No
Inadequate monitoring of the health of workers and the conditions at the workplace	As above	No
