I Jhaelen Davey am of the opinion that the PCBU has contravened the WHS legislation relating to:		
Contravention	More information	Was the contravention rectified?
Not maintaining safe systems of work	Workers feel that they cant take breaks after 5 hours because of management putting pressure on them to finish orders for delivery.	No
Inadequate monitoring of the health of workers and the conditions at the workplace	The managers responsible for monitoring the taking of breaks were not present. Spoke with the General Manager who is only on site periodically. It is her belief that they all take the breaks required by the Award.	No
Lack of information, training, instruction or supervision	All of the workers gave information that they are not able to take breaks because of pressure from their direct managers intimidation, coercion and micromanagement. The GM will consult the HR and get the information to the workers that they are to be taking breaks if they work over 5 hours.	No
