

August 2016 Compliance Activity Report

Government
of South Australia

SafeWork SA

Accommodation and food services

This report covers people working in the state's hotels, restaurants, pubs and clubs, accommodation, takeaways and catering sector.

SafeWork SA inspectors are focussed on ensuring work health and safety and public safety standards are met with appropriate action taken as breaches of laws are detected.

One dangerous incident was reported during August, where someone received an electric shock when they touched a damaged electrical appliance.

Persons Conducting a Business or Undertaking need to ensure electrical items are tested and inspected as well as protected by a residual current device.

We recommend qualified people check all electrical equipment, including light switches and on/off switches to identify any risks of electric shock.

Report work health and safety issues to SafeWork SA on 1300 365 255 or help.safework@sa.gov.au.
