### Accommodation and food services

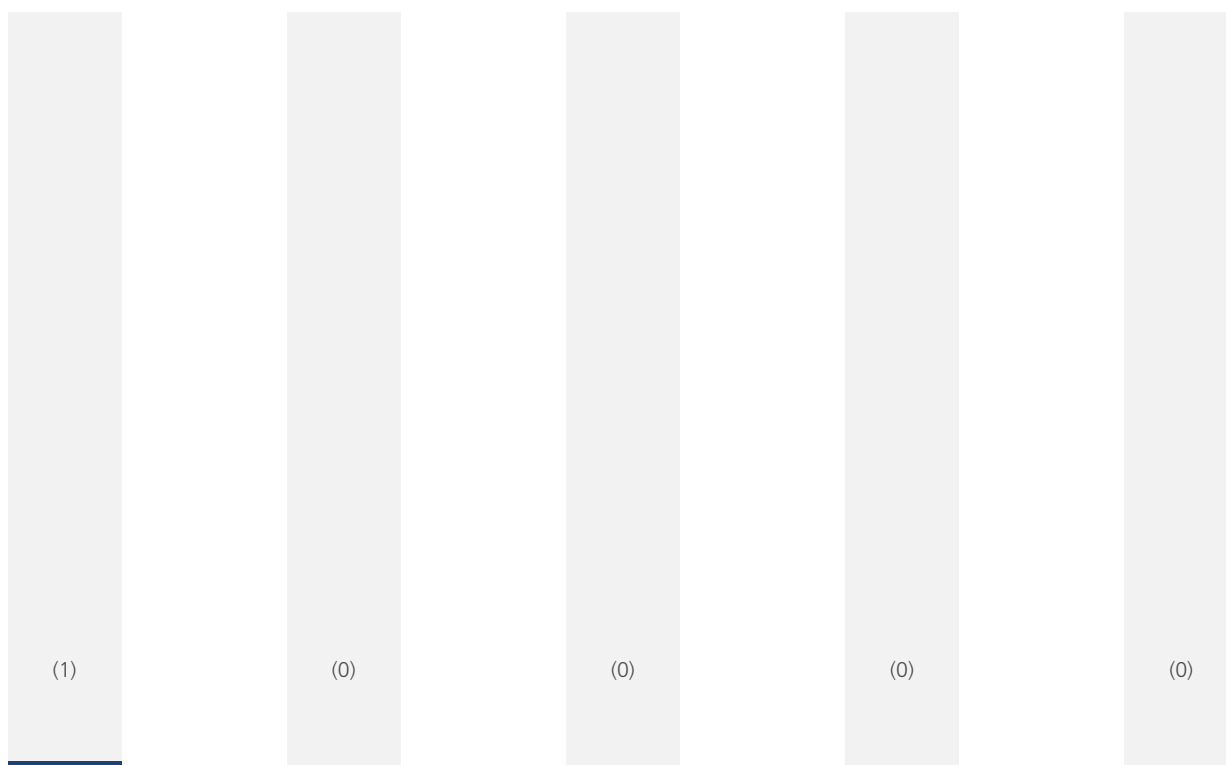

This report covers people working in the state's hotels, restaurants, pubs and clubs, accommodation, takeaways and catering sector.

SafeWork SA inspectors are focussed on ensuring work health and safety and public safety standards are met with appropriate action taken as breaches of law are detected.

The single reported event for December related to an electric shock. Workplaces need to be aware that equipment that may appear to be in good working condition, may present a risk.

Employers are reminded to ensure that equipment is regularly maintained and serviced to prevent the risk of hidden hazards.
