Dear Sir/Madam,

Thank you for the opportunity to comment on the Statutory Review of the Work Health and Safety Act 2012 (SA) Discussion Paper.

The development sector understands the importance of workplace health and safety procedures for the well-being of both employers and employees but we would like to reinforce our members' concerns on the unnecessary administrative burden the current laws and regulations entail.

After consulting our members, the UDIA received feedback which is consistent with the submission made by the Housing Industry Association (HIA) as it relates to the South Australian Laws and the corresponding Model WHS Act/ Regulations.

Because of these shared views the UDIA indicates its support for the HIA's commentary in the submission.

Thank you again for the opportunity to comment.

Regards
